ATTACHMENT I

A. U.S. EPA has evaluated a body of evidence in connection with its investigation of the Site, including records from the State of Illinois, site investigation reports, State and federal legal agreements pertaining to the Site and surrounding properties, etc. Based on this evidence, U.S. EPA has information indicating that you are a potentially responsible party with respect to this Site. Specifically, U.S. EPA has reason to believe that you did, by contract, agreement, or otherwise, arrange for the disposal, treatment or transportation for disposal or treatment of hazardous substances found at the Site.

B. NL Industries, Inc. has conducted or is conducting the following studies and/or activities at the Site:

1. Remedial Investigation - to determine the nature and extent of contamination at the Site.
2. Feasibility Study - to evaluate the feasibility of possible alternatives to remediate the Site contamination identified during the Remedial Investigation.
